From the Principal's Desk

We want to extend a special 'thank you' to the many parents who helped us make Catholic Schools Week a success! The special treats and duty-free luncheon for the teachers, the ice cream and toppings for the students, and the drivers for the movie on Friday were very much appreciated! PTO, thank you for making it possible for us to go to the Grand Six Theater. That was a big hit with everyone!

Our fifth and sixth grade basketball season has begun! Our first game was played at Spickard School. We have one game next week. It will be played on Thursday and is at home against Chula. We hope you can come out and cheer on these young Eagles! We want to thank the girls' coach, Jason Montgomery, and the boys coaches, Mary and Todd Mathew, for their generous donation of time to shape these basketball players. Students benefit from being part of a team and learning the many skills and life lessons that this experience teaches them.

Thank you in advance, for everyone who has signed up to help at the basketball games. We could not have a basketball season without everyone's assistance. Thank you, Samantha Graves, for organizing all of the volunteers!

Thank You

May God Bless You,

Pam Brobst
Principal

Thank you for your continued support of the auction.

PLTW Science

The first grade is working with Project Lead the Way experiments to determine which type of bird beak is best for picking up particular types of food. This is part of the Animal Adaptations unit.

The children are also playing a word works game where they had to read the R-controlled vowel word and decide if it was a real word. If so, they got to move their chip to the next circle.
